Sadhguru Jaggi Vasudev commented on the recent turn of events regarding Baba Ramdev. Sadhguru noted that whether or not one agrees with everything that Baba Ramdev has to say or not, his intentions, his integrity and his ability to inspire people cannot be questioned.

He further added, “It is an atrocity that no democracy can afford.

The brutality and the manner in which a peaceful congregation of people protesting for a cause that matters to every concerned citizen of India, is not in line with the democratic traditions of our nation. Hope sense would prevail in the coming days.”
