An Indian Spectacled Cobra (pic) that was rescued from a house at Ramanathapuram in Coimbatore on Tuesday evening.

The snake had entered the garage of Shiva, a resident of the locality. Volunteers from an NGO were called for rescuing the snake.

Nirmal, a volunteer with Isha Serpents, and his sister, Subhashree, who rescued the snake, said they were called around 4 p.m.

As the operation ended only late in the evening, they will meet Forest Ranger on Wednesday and hand over the snake to him.
