EARTH DAY CELEBRATED

The Earth Day was celebrated at the Isha Yoga Center on April 22 by creating awareness about nature and its elements, and the role that Mother Earth plays in our lives. A press release said, children and adults participated in games, which included forming the words “Earth Day” with natural materials, AdZap for “green” products, a haystack-balancing race and scarecrow-making. A quiz on various subjects like trees, herbs and their usefulness and relationship with man, was also conducted. The celebrations were organised as a part of the Project Green Hands of Isha Foundation, the release said.
