The Chathrapathi Sivaji Sports Club, in collaboration with Isha Foundation, organised a green marathon at Isha yoga center to create awareness on environmental conservation.

The event was initiated in continuation of the Earth Day celebrations.

The marathon was flagged off by Mr Sadhanandham, President — Boluvampatti panchayat.

More than 200 participants started from Isha yoga center at 6.30 am and sprinted via Muttathuvayal, Semmedu, Iruttupallam and returned to Isha after covering a distance of 15 km.

The runners were categorised into 3 classes - children (below 15 years of age), adults (15 - 40 years) and veterans (above 40 years). Free saplings were provided to participants who committed to nurture them into trees.

Many more programmes have been planned across the state of Tamil Nadu and Pondicherry in the coming months to create environmental awareness.

Green Marathon conducted at Isha Yoga Center for environmental awareness.
